News

This space is devoted to share the latest updates and announcements related to the ILASS Community. Relevant information addressing Open Positions, Scholarships, Awards, Conferences and Workshops are also disseminated in the GENERAL ANNOUNCEMENTS.

ILASS ANNOUNCEMENTS

ORGANIZATION

Dear colleagues:

The ILASS-Europe website was renewed. Please visit <http://www.ilasseeurope.org/Home.htm> to learn more on the [Organization](#), [Publications](#) and forthcoming [Events](#).

The [ILASS-Europe Committee](#) was updated after the last AGM in Brno, Czech Republic.

We welcome the new members, and to thank those who have stepped down for their many years of dedication.

ILASS-Europe 2010 AGM minutes – (to appear soon)

ILASS-Europe Events

ILASS – Europe 2010 Brno, Czech Republic

23rd European Conference on Liquid Atomization and Spray Systems, Brno – final remarks

The 23rd ILASS-Europe Conference welcomed nearly 180 participants from Europe, Asia and USA (more info).

As in previous editions, several colleagues were distinguished with the [Best Poster](#), [Best Paper](#) and [Best Presentation Awards](#).

The [Conference Proceedings](#) are available on ILASS-Europe website.

Following the success of the ILASS-Conference in Brno, we invite you to the [24th European Conference on Liquid Atomization and Spray Systems, ILASS-Europe 2011](#), to be held at [Palácio Estoril Hotel & Golf](#), in the beautiful Estoril Coast, Portugal.

GENERAL ANNOUNCEMENTS

Finally, here is a list of events relevant to the ILASS community. For more detailed information, please visit the section of [Spray-relevant events](#) in our website.

[Short Course on Boiling Heat Transfer and Boiling Equipment](#)

11-15 October 2010, Lausanne, Switzerland

This course, aimed at providing the participants with today's detailed knowledge on the boiling heat transport mechanisms based on recent research results is addressed to scientists, professionals and engineers with scientific interest in boiling (process industry, refrigeration industry, energy production, heat exchanger manufacturing, etc.) ([more info](#))

[18th Ostwald Kolloquium Dynamic Wetting of Complex Liquids Joint Meeting of the Center of Smart Interfaces and the German Colloid Society](#)

16 –18 May 2011, Schloß Waldthausen, Mainz

Should you have announcements you would like to disseminate, please contact us (anamoi@dem.ist.utl.pt) or visit the [self-service page](#).
