ILASS 2011, Estoril-Portugal: Call for Abstracts

The [24th European Conference on Liquid Atomization and Spray Systems, ILASS-Europe 2011](#), welcomes you in [Estoril Coast - Portugal](#) between **5th-7th September 2011**, to share new ideas, the latest developments and recent applications in the field of Atomization and Sprays. The superb natural environment of Estoril Coast provides a unique opportunity to harmoniously merge work with leisure. Keep updated with the Social Programme in www.ilass2011.org.

The Extended Abstracts with no less than 2 pages can be submitted on the outlined topics providing a clear description of the problem, materials and methodologies, sample results and main conclusions. Paper selector will be based on no less than two independent reviews of your abstract.

The deadline for submission of the Extended Abstracts is 31st January 2011.

IMPORTANT DATES

ABSTRACT SUBMISSION:

Oral presentation: 31st January 2011

Poster: 14th March 2011

NOTIFICATION TO AUTHORS CONCERNING ACCEPTANCE:

Oral presentation and Poster: 11th April 2011

SUBMISSION OF THE FINAL MANUSCRIPT:

Oral presentation and Poster: 13th June 2011

It is worth mentioning that best papers selected from ILASS 2011 will be published in a special issue of **Atomization and Sprays**. The Editor-in-Chief in Europe, Dr. Marco Marengo would like to share with you the **TABLE OF CONTENTS** of the **LATEST ISSUE of 2010, Volume 20 / Issue 5** and invites you to submit your work.

AIMS AND SCOPE

The application and utilization of sprays is not new, and in modern society, it is extensive enough that almost every industry and household uses some form of sprays. What is new is an increasing scientific interest in atomization - the need to understand the physical structure of liquids under conditions of higher shear rates and interaction with gaseous flow. This need is being met with the publication of *Atomization and Sprays*, an authoritative, international journal presenting high quality research, applications, and review papers ([more info](#)).

GENERAL INSTRUCTIONS

Articles should be submitted through the Begell House Online Submission Program by registering on the website (<http://submission.begellhouse.com>), and then navigate to the *Atomization and Sprays* submission site.
