Upcoming Events

26th ILASS-Europe 2014

ILASS 2014 is the 26th European Conference on Liquid Atomization and Spray Systems. Following the successful 25th ILASS 2013 (Chania) and 12th ICLASS 2012 (Heidelberg) conferences, we will continue this tradition by providing a venue for industrial and academic researchers and students to engage in the scientific development and practice of Atomization and Spray Systems and to meet and share recent developments in these fields. We would like to invite you to ILASS 2014 where we are creating an environment that promotes international communication and collaboration.

General Information

Schedule: 8-10 Sep. 2014, Bremen, Germany

Venue: Atlantic Hotel Universum Conference Centre, Bremen University Campus

Dates to remember

Abstract submissions: extended to May 15 2014.

Extended abstracts for oral presentations or posters containing information on objectives, methods, results and conclusions (2pages, including text and figures) are to be submitted through the [ILASS 2014 home page](#)

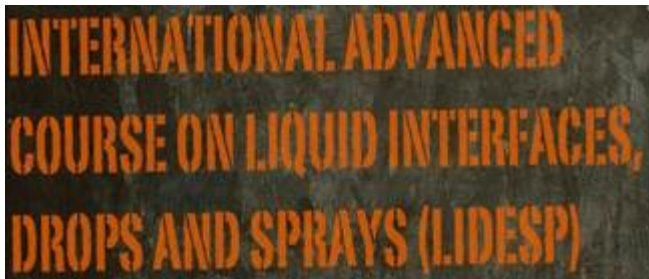

Please use the abstract template to be downloaded at <http://ilass2014.org/guidelines-templates.html> . Your manuscript should be submitted online as a PDF - document through the webpage. All submitted extended abstracts will be subjected to peer review.

Contacts

Conference Chair: Prof. Dr.-Ing. habil. Udo Fritsching, Particles and Process Engineering, University Bremen, Badgasteiner Str. 3, 28359 Bremen

**LIDESP -
International
Advanced Course in
liquid Interfaces,
Drops and Sprays**

May 5-10, 2014 - Center of Smart Interfaces, TU Darmstadt

LIDESP is an International Advanced Course on the Interface, Drops and Liquid Sprays Physics. The core part of the lecture plan is provided by highly recognized experts in the field. The first edition of LIDESP will be held at the TU Darmstadt. The knowledge of the physics of liquid drops and sprays is essential for a broad variety of applications. ...

ILASS-Americas
Institute for Liquid Atomization and Spray Systems

**26th ILASS -
Americas**

We look forward to your participation in the ILASS Americas 2014 May 18-21, 2014 - Portland, Oregon The conference will provide 3 days of education, exhibits and networking. Topics include all aspects of atomization and spray processes: Measurement instrumentation and diagnostic equipment development related to sprays for drop size, drop velocity and impact, drop concentration, patterning, film thickness, vapor concentration, among others.

Should you have any questions please contact ilasshelpdesk@pipsite.com

UNIVERSITÀ DEGLI STUDI DI BERGAMO
Industrial Engineering Department

DIPSI Workshop 2014

Droplet Impact Phenomena
& Spray Investigations

**DIPSI Workshop
2014**

**Droplet Impact
Phenomena & Spray
Investigation**

May 15-16, 2014 - Sant'Agostino Conference Room, University of Bergamo

This is the eighth edition of the workshop on droplet impact phenomena and spray investigations organized by the University of Bergamo. It represents an important opportunity to share the recent knowledge on droplets and sprays in a variety of research fields and industrial applications. Read more details at <http://ilasseurope.org/dipsi-workshop-2014/>

Organization Information

To register to the event please send an email with your data (name, affiliation, address, date of arrival) to Simona Tonini simona.tonini@unibg.it. The workshop registration is free. Anyone interested to participate to the dinner of Thursday 15th May please confirm it in the registration e-mail. Anyone interested to give a lecture or present a poster, please send a short abstract to simona.tonini@unibg.it.

Prof. G.E. Cossali, Viale Marconi 5

24044 Dalmine - BG Italy
